Re: Your letter of April 9th

Dear Stan:

Please do not send any more coins unless they are very, very outstanding. I am tired of looking at coins for the time being.

I now have two shipments of your coins in hand plus an unaccounted for \$10 1882.

You lied to me in Los Angeles when you told me you had already sold the \$10 1864-S on the floor and, therefore, could not show it to me.

If I told you that I paid \$460.00 for the \$10 1872-CC, that is what I paid for it.

The two \$5 1875 coins which I purchased were sold to me, in my judgment, because the dealers selling them did not feel sufficiently confident as to their genuineness to justify their asking a higher price for them from unsophisticated clients. The prices at which I obtained the coins were bargains in my judgment and were made possible only through my ability to verify their genuineness from a microscopic examination of their die characteristics. I feel that the two coins are a good investment item and I doubt seriously that your client will have much of an opportunity of obtaining one at any significant saving, at least during my lifetime, at a future auction in the most unlikely event that one should come up. However, I think that his judgment is sound, that your judgment is sound and that my judgment is more sound.

The \$10 1875 is in my opinion only a \$3,000.00 coin when I am buying, but it is a \$10,000.00 coin when I am selling.

Please do not send any more coins as I asked you not to do in my last letter.

Most cordially,

HARRY W. BASS, JR. TRUST ESTATE

As per your instructions there is the missing 1882 \$10 Gold.

I think the Drs. have found out what is wrong, I'll know definitely in a week, if they are right I'm told it is not serious and a cure does exist. Seems not to be a virus, just plain Bacteria.

These 12 coins were again picked out of a large lot of common gold. While I have seen your requests not to send any more coins I still feel you are building a collection and the collection should not suffer because of your personal moods.

Dear Stan:

I realize that it is due to your current illness and associated emotional unrest, but nevertheless I feel obligated to point out to you that a substantial saving of stationery and postage could be effected if you would spend just a little time in gathering your thoughts periodically so as to enable you to write longer and fewer letters. My file of correspondence with you is greatly out of proportion to its importance.

Re the 1864-S \$10, 'It takes one to know one.'

Re the \$10 1872-CC, since when have you needed any prices realized list to know what a coin sold for?

Re the \$5 1875, your being aware of what I probably paid for a coin does not justify your communicating such information to a prospective client in my opinion. But since you have become so conscious about markup over cost with the wind blowing in the other direction, I'll be fair, just and equitable and will offer you a 50% profit over your cost for your \$10 1864-S.

Re bailing me out, please let me know how much you have lost on so doing so that I will know how much I owe you, indebted I do not mind being, but obligated no.

Please let me know how much money you owe me for which coins of mind that you have sold. I will probably want to make a swap.

The word 'inadequate' means 'insufficient or not enough.' I am returning the \$1 1855-C with a new price of \$350.00. Perhaps your client will find this price adequate for the grade. I realize that your description of the \$1 1855-C that you sold at \$280.00 as being EF-35 was a Freudian slip. It shows how your mind works. If it is a 35, it's EF to you, but only VF to me.

- 2 -

I'm happy for the \$20 gold in Europe. I'm afraid that my \$20 gold in the Wynnewood State Bank might be approaching zero dollars.

Most sincerely,

Reply to April 20th letter:

As to the number of letters I write note two things. First all great men in history, including myself, know the value of sending memos, for example, Howard Hughes, sent letters & his employees never met him. A sure sign of greatness. As to the cost, measure it not by your high-grade stationery which I re-cycle & sell, but by my low grade inexpensive memo paper.

Thanks for the offer on the 1864-S \$10, but I sold it in L. A. JUST LIKE I TOLD YOU, AND THEREFORE ALL I HAD LEFT WAS THE EMPTY ENVELOPE.

The 1872-CC \$10 is my error, but some vandels misplaced my prices realized from that horrible sale. If you have an extra, why not send it.

On the 1875 \$5 you, when buying like to know price info, like what did the seller pay, etc. (what price is fair for the coin or what can it be bought at) I just felt the coin was worth \$2000. less than the \$10.

The loss on bailing you out is hard to measure since it is really an opportunity cost, which any economics book will explain to you.

The sum I owe you so far is \$710. for the 72-CC & 85-S \$10 Gold I am still waiting to hear on the 43-C SD \$2½ at \$275.

On the 1855-C \$1 Gold if mine is VF, I think I can figure out where that puts yours. I sold you one at \$280. which I'll still call EF-35 and yours I really don't know what to call it, but I washed my hands after it came in.

I'll send all \$20 gold quotes directly to the bank. My proof coins haven't moved as yet, but when they do you can tell me how to feel.

Remember also all my letters are protected by a common-law copyright.

Enclosed 9 coins on approval. Good way to end a letter.

Dear Harry:

What can I say except to thank you for your gracious southern hospitality.

I am enclosing a gift for you (not the coins) to use on your ears. I tried to get you something nicer, but couldn't find what I hoped. I sent Mary a little something too.

I would accept your job offer at this time, but the pay ment would have to be about double the 15. I think I am a bargain at any price.

I am enclosing the letter that came for you.

Reduce the price on the 1879-S \$10 to the \$115. you offered. Market went down on my return home.

Enclosed please find the following coins on approval. This invoice includes 2 delivered in Dallas. You have a \$710. credit which if you do not take might expire.

Mr. Stan Kesselman,
15 West 81st Street,
New York, New York 10024

Dear Stan:

Re your letter of April 17th, I am purchasing the \$1 1849 at \$65.00.
I am returning herewith the \$1 1860.

Before I forget, thank you for your gift. You are a master of the
soft touch. I shall think of you often.

Regarding employment, I must state that your estimate of your value
somewhat exceeds mine based on my evaluation of your experience. Be of
stout heart, however, for good jobs are not at all difficult to find for
the well qualified, regardless of what the publications are saying.

Re your letter of May 23rd, the \$2½ 1846-D at \$150.00 and the \$20
1870-S trade plus \$70.00 have been paid for in prior checks. I am
purchasing the following:

\$1	1852	\$65.00	
\$2½	1843-O	\$75.00	(I reduced the price from your \$90.00)
\$5	1836	\$100.00	
\$5	1852	90.00	
\$5	1902-S	37.40	
\$5	1906-D	37.60	
\$10	1844-O	60.00	
\$10	1850	60.00	
			\$525.00

I have the following comments to make. I will pay \$150 for the \$20 1907-D.
I will pay \$140.00 for the \$2½ 1872-S. The \$5 1836 is priced too high for
the condition and I reduced its price a bit out of the \$15.00 I am stealing
from you on the \$2½ 1843-O.

gross
\$7,000.00/is all I will pay for the \$10 1838 from Rooke.

Re your letter of May 25th, I am purchasing the following:

\$10	1879	\$110.00
\$10	1879-S	115.00

On the balance I have the following comments:

For the \$3	1872	I will pay \$325.00
For the \$3	1884	I will pay \$400.00
For the \$3	1889	I will pay \$425.00

- 2 -

The \$2½ 1976 was a bargain at \$4,500.00. It must certainly be unique. With that kind of an inside track you ought to make a fortune in the stock market.

For the \$2½ 1881 Proof I will pay \$1,000.00. I will let you know on the seven \$1 gold pieces.

Stanley, I do not object to paying a fair profit for coins, but I must confess that I feel I am detecting a marked and consistent pricing on your part predicated on your knowledge of my collection and your awareness of my desire for coins with die breaks, etc. Rather than continually being upset by the foregoing, I would prefer not seeing the coins. What I don't know about I won't miss having. I started to make a lot of detailed comments regarding specific coins, but I feel that that would be a waste of time. The overall philosophy is really the point of objection on my part.

Sincerely,

Dear Harry:

Re Your June 1 letter:

Thank you for thanking me before you forgot. I hope Mary likes her present as much as you do.

As to employment, with experience I am worth \$60,000., not \$30,000. My offer to you is still open, \$600. a week plus all I can win at backgammon.

OK to ~~steal~~ (steal) \$15. all 1843-0 \$2½ & 1836 from May 13rd. On my books I have credited the ledger titled "Coins stolen by Bass," and all I can say is the balance is over \$15.

On your offers I am accepting most, more out of friendship than good business sense. My friendship & business sense are closer than one imagines.

\$7000. gross impossible on 1836 proof \$10, I am dropping all efforts on the pair.

Your comments on 1796 \$2½, (check your letter, its says 1976), makes as much sense as does a 1976 \$2½.

On the 1881 \$2½ proof I have \$950. in the coin and with Miles coin a VF 35 at \$725. I can not take \$1000. I will sell it at \$1100. net, which is less than I would like to get for the piece.

Note page 2 of your June 1 letter, it has a "Stanley" starting off, and it's the first time you have called me such. (I know you call me a lot of other things.) I am deeply touched. Also what the paragraph says is somewhat incorrect. It is my knowledge of coins you object to, not my knowledge of your collection. If you think I am unfair, just bring it to my attention & I'll do my best to correct it. Remember two things though: Prices do change over a period of time and nice coins are in great demand at this period of time. Finally do not talk to me on high prices on your you need, the 1875 \$5 I need and you priced it, shall I say, unfairly.

Enclosed please find these 20 coins. Some you have seen before & if so your offers are noted. I think all your offers were accepted except one which I have to get \$50. more.

Mr. Stan Kesselman,
15 West 81st Street,
New York, New York 10024

Dear Stan:

I have examined the three \$10 1901-S of June 10th and the 36 \$10 1901-S and 1902-S of June 17th, all priced at \$45.00 each. All of those in your white envelopes are either counterfeit or have been imported from Europe by your good friend, Mr. Shapiro, inasmuch as all of those in the white envelopes of each date are from the same dies and are either counterfeit or came as a group out of the original mint bags. I am purchasing five \$10 1901-S, apiece \$45.00, total \$225.00, and six \$10 1902-S, apiece \$45.00, for \$270.00, total of both of \$495.00.

Goliad is purchasing three \$10 1901-S, apiece \$45.00, for \$135.00 and three \$10 1902-S, apiece \$45.00, for \$135.00, for a total of \$270.00. Enclosed is a trust check in the amount of \$495.00 and a Goliad check in the amount of \$270.00. Enclosed also are four 1901-S \$10's and eighteen 1902-S \$10's.

Re your letter of August 26th, I raise my offer on the \$3 1888 from \$350.00 to the \$365.00 you mentioned in your letter. On the \$1 1849 which you priced at \$175.00, for which I offered \$130.00 (Brownlee said it was a fair offer) and you stated that you paid \$100.00 together with your statement that my offer of \$130.00 is fair, I accept your judgment, and please send the coin at that price.

You have yet to comment on the August 17th \$1 1855 for which I offered \$400.00.

The June 10th \$3 1878 and the August 17th \$5 1798, I am considering disposed of to your satisfaction between Goliad and yourself.

I believe we are now slick except for the seven \$1 gold of May 10th, which I will try to take care of when I return from Europe at the end of October. Mike and I will see you at the Nate Shapiro sale, you can be assured.

As you know, I like to reiterate the obvious. In that regard I want to make the observation for our mutual benefit that my ability to evaluate your pricing has been somewhat enhanced of late by virtue of the availability to me of a new advisory service. Of course even though this should operate to my benefit (I hope!) it should inure to your benefit as well for I now show all of the coins in which I am interested to my advisor before returning them so that he can select any that may be of interest to him. At the very least, you are getting your wares exposed to two prospects for one mailing cost and he is getting a saving on return postage costs.

Now that I have taken care of the serious matters, I would like to mention in a lighter vein how very much I appreciate your having attended Carol's wedding. I am sorry that I was so preoccupied and I am sure that my performance will improve with experience, but this was my first trip at being the father of the bride. I must apologize to you for having failed to mention to Carol prior to the wedding and reception that you came to Dallas solely to be in attendance at her wedding and reception. When I told her she was quite flattered and took me to task for having overlooked mentioning this to her. She regretted not having had the opportunity to personally tell you of her appreciation for your thoughtfulness.

I am leaving for London Friday for a meeting there next Monday. I'll probably spend a week in London attending two sales, one of them pretty strong in U.S. gold, and then rent a car and just start driving for another week or so. As you know, the market is pretty strong over there but I will be glad to take your bids for anything that you might be interested in other than the \$5 1864-S and the \$10 1870-CC. Mary may join me at the end of September for a couple of weeks, but that is still up in the air. Why don't you fly over and join me for a week or ten days. I need a left-handed chauffeur because they drive on the left hand side of the road and it scares the hell out of me.

*P.S. I still have all
of the 200 to check.
\$*

Most cordially,

HARRY W. BASS, JR. TRUST ESTATE

Harry W. Bass, Jr.

P.S.: Since everybody in Dallas except Mary and I have received an invitation to your wedding, I assume that you considered it to be an imposition to put me in the position of feeling obligated for a wedding gift.

Vaughan is still waiting for his commission and he wants to know if the same offer obtains on my future trips out of town when I will probably be rendezvousing with you.

Dear Har:

Sorry we couldn't get together this week. It would have been fun winning the air fare from you without having to pay the PROFESSIONAL REMINDING FEE.

Prices after Oct. 17, 1971 will have to go up 10%, Sharon's orders, so I'm trying to get everything to you before then. I have not yet rec'd a ruling from Wash. but I think Sharon over-rules the freeze.

Enclosed on approval 6 coins. I sent you 2 groups of stuff while you were away on the wrong side of the road.

Dear Harry:

I hope by now Carol has rec'd the present that Mike & I bought for her. Even the small things in life aren't easy to accomplish.

I sent you a couple of packages while you were on the wrong side of the road.

Here is my last "Single" shipment, after this my orders are to raise prices as two can't live as cheaply in New York as 10 elsewhere. (Thought I was going to say two can't live as cheaply as one, but I wanted to be difficult)

Enclosed please find 42 coins on approval. Most of these are hand picked, beautiful coins, that will no longer be available as they stopped making them some time ago. (Stopped in the U. S. that is.)

I have grown to dislike haggling with you over the years and have tried my level best for the past year to not do so because I felt that you had started pricing your coins to me more fairly considering the volume of purchases which I make. However, a close perusal of the coins contained in these five shipments, together with the pricing of same leave me no alternative to asking that you reconsider the prices as submitted.

The foregoing itemization reflects that Mike and I have retained 33 of the 99 coins sent. The remaining 66 coins are being posted to you.

Please advise as to all coins from other shipments from you that I may still have according to your records. Also please advise if there are any outstanding balances between us from other shipments and/or trades.

Sincerely,

HARRY W. BASS, JR. TRUST ESTATE

December 15th, 1971

Mr. Stan Kesselman,
15 West 81st Street,
New York, New York 10024

Dear Stan:

I am returning the 199 coins. Mike has purchase five of them and his check in the amount of \$645.00 is enclosed.

The enclosed xerox sheets are of the coin envelopes showing your prices (except where unpriced). I am returning all of the coins, even those which I wish to buy at your prices so that you can check them all and be certain that I have not inadvertently switched any coins with their envelopes.

On the coin envelopes as well as the xerox copy I have drawn a red circle around those coins that I want to buy. Also, I have drawn a red box on the envelope and on the xerox copy around your price on those coins that I would like to buy and for which I am making a counter offer. I hope that this is all reasonably intelligible.

You will note that 7 coins which you gave me in the apartment are xeroxed on the last page.

So far I am unable to relocate three \$2½ gold pieces. If I can't find them, I will of course pay you for them.

Most cordially,

HARRY W. BASS, JR. TRUST ESTATE

Dec. 21, 1971

Dear Harry:

There will be six subjects in this letter, following everything closely?

1. You still owe me \$30 for the Parke Bernet deal, your check was short.

#2. I am enclosing the 1855-C \$2½. You took it in the 199 coins. This one is not mine. You were right when you thought you switched. My coin is hell of a lot nicer, especially on the reverse. It also had no marks in reverse field, did not show as much wear on the rev. and finally it had nicer color luster-wise. It also did not have the tiny nicks on the obverse edge. Also you said the first time you saw my 1855-C it was 5 points nicer but yours cost you a lot less. This 1855-C is not the coin I sent you. I grade this one EF-AU at best. (enc. 1 coin)

#3. The letter of your Dec. 16th checks out. I think you switched a coin here too. From my Nov. 12th lot enclosed back the 1849 \$1 Gem. I think you switched this one with the BU. You paid me for the BU if you look at it now & find it too be better than this to the trained eye then a switch was made. I am not finding you at fault in any case, with all you look through this is 100% understandable. I just & I'm sure you do want to get things straight. Compare this 1849 to the one you purchased on Nov. 12th & see which is better. This one is not ever Unc., the BU Gem I sent was beautiful. (Enc 1 coin)

#4. From Nov. 12th invoice enclosed 1855-S \$20 your bid of \$160. is fair. Enclosed 1 coin total of 3 so far.

#5. Enclosed these 5 new items:
